PROFESSIONAL SUMMARY

Passionate Full-Stack Developer with a strong foundation in designing and developing scalable, secure, and responsive web applications using the MERN Stack (MongoDB, Express.js, React.js, and Node.js).

Experienced in developing RESTful APIs, implementing secure authentication and authorization using JWT, designing MongoDB databases, and building responsive user interfaces with React and modern JavaScript.

In addition to software development, I have academic knowledge of Management Information Systems (MIS), Accounting Information Systems (AIS), Systems Analysis & Design, ERP concepts, Business Process Analysis, Data Analysis, SQL, Python, Microsoft Excel, and Microsoft Power BI, enabling me to bridge business requirements with technical solutions.

Passionate about writing clean, maintainable code, solving real-world problems, and continuously learning modern technologies. Currently seeking a Full-Stack Developer, Back-End (Node.js), or Software Engineer Internship / Junior Position where I can contribute, learn, and grow within a professional development team.

TECHNICAL SKILLS

Programming Languages

- JavaScript (ES6+)
- Python (Basic)
- SQL (Basic)

Front-End Development

- HTML5
- CSS3
- React.js
- Bootstrap 5
- Responsive Web Design
- DOM Manipulation

Back-End Development

- Node.js
- Express.js
- RESTful API Development
- Authentication & Authorization
- JWT Authentication
- Middleware
- Cookies & Sessions
- Multer (File Upload)

Database

- MongoDB

- Mongoose
- SQL Fundamentals

Data Analysis & Business Intelligence

- Microsoft Excel
- Microsoft Power BI
- Data Analysis
- Data Cleaning
- Data Visualization

Information Systems & Business

- Management Information Systems (MIS)
- Accounting Information Systems (AIS)
- Systems Analysis & Design
- Enterprise Resource Planning (ERP) Fundamentals
- Business Process Analysis
- Data Flow Diagrams (DFD)
- Entity Relationship Diagrams (ERD)

Tools & Technologies

- Git
- GitHub
- Visual Studio Code
- Postman
- npm

Software Engineering Concepts

- MVC Architecture
- CRUD Operations
- REST APIs
- API Integration
- Object-Oriented Programming (OOP)
- Clean Code Principles
- Responsive Design
- Basic UI/UX Principles

PROJECTS

Full-Stack Book Store (MERN Stack)

Description

Designed and developed a complete online bookstore using the MERN Stack, featuring secure authentication, role-based authorization, an admin dashboard, and a fully responsive user experience.

Responsibilities

- Developed RESTful APIs using Express.js.
- Built responsive user interfaces using React.js.
- Implemented JWT Authentication & Authorization.
- Designed and managed MongoDB databases using Mongoose.
- Performed complete CRUD operations.
- Developed an Admin Dashboard for managing books and categories.

• Implemented image uploading using Multer.

• Applied MVC Architecture throughout the project.

Technologies

MongoDB • Express.js • React.js • Node.js • Bootstrap • JWT • Multer

---

Personal Portfolio Website

Description

Designed and developed a modern, responsive portfolio website to showcase projects, technical skills, and contact information.

Key Features

• Fully Responsive Design

• Modern UI/UX

• Dark & Light Theme

• Project Showcase

• Contact Form

• Smooth Animations

Technologies

React.js • JavaScript • CSS3 • Bootstrap

Marketing Landing Page

Description

Designed and developed a responsive landing page following modern UI/UX principles and web performance best practices.

Key Features

• Mobile-First Design

• Responsive Layout

• Contact Form

• Smooth Animations

• Cross-Browser Compatibility

Technologies

HTML5 • CSS3 • JavaScript • Bootstrap

EDUCATION

Bachelor's Degree in Management Information Systems & Accounting (MIS)

Delta Higher Institute for Management Information Systems & Accounting

Mansoura, Egypt

Expected Graduation: 2027

LEADERSHIP & ACTIVITIES

• Member of Tahya Misr Student Union – Training & Development Committee.

• Former Head of the Student Union – Management Department.

• Experienced in utilizing AI-powered tools to improve software development workflows, productivity, debugging, documentation, and problem-solving.

SOFT SKILLS

• Problem Solving

- Analytical Thinking
- Team Collaboration
- Communication Skills
- Leadership
- Adaptability
- Fast Learner
- Time Management
- Attention to Detail

LANGUAGES

- Arabic — Native
- English — Intermediate

CAREER INTERESTS

- Full-Stack Development
- Back-End Development (Node.js)
- Front-End Development (React)
- Software Engineering
- RESTful API Development
- Data Analysis
- Enterprise Systems (ERP)
- Cloud Computing

AVAILABILITY

- Summer Internship
- Full-Time Internship
- Remote Internship
- Junior Full-Stack Developer
- Junior Back-End Developer (Node.js)
- Junior Front-End Developer (React)
- Junior Software Engineer
